

# Tanner Scadden

West Jordan, UT 84096

385-231-3361 • tanner@scaddenfamily.com • <https://www.linkedin.com/in/tanner-scadden/> • <https://tannerscadden.com/>

## Education

### Dev Mountain - Lehi, UT - 2019

- Studied JavaScript, PostgreSQL, React, NodeJS, Express
- Rebuild the app "Canvas". Students could log in and submit assignments, Teachers could view assignments and grade. Discussion board with multi class view

## Work Experience

### Solo - Lehi, UT - 2019 to Current

- Built database for AHJ jurisdiction restriction/requirments to automate CAD department
- Headed over project to build tools for CAD department. Turnaround time 80% faster and 15% less error rate
- Designed and created CRM. Helped progress customers through solar project and automated status changes

## Personal Projects

### BYU Aphasia Lab

- Built website for 20+ students to upload recordings of clients securly, transcribe to text using Cloud Speech-to-Text, and return the transcript
- Utilizing Material-UI and React; helped reduce time to transcribe from 30 minutes to 1 per file

### Lftvrs

- Designed website for users to upload and search through recipes
- Users create shopping carts/inventories and can see money spent on groceries the last month as well as estimated cost per meal

## Skills

### Solo
